

InfraMitra – Detailed Curriculum & Program Structure

InfraMitra is India's practical infrastructure workforce platform focused on deployment-ready professionals for Data Centers, AI Infrastructure, Cloud Operations, Smart Hands Operations, and Enterprise Infrastructure environments.

1. Program Overview

Program Name	InfraMitra Premium Deployment Program
Duration	8 Weeks
Training Type	100% Practical Hands-On Training
Daily Training	6–7 Hours
Mode	Offline Enterprise Lab Training
Batch Capacity	Limited Seats

2. Practical Curriculum

Module	Coverage
Infrastructure Fundamentals	Rack assembly, ESD handling, cable management, data center layouts
Copper Cabling	RJ45 crimping, patch panels, Cat6/Cat6a cabling, testing
Fiber Infrastructure	Fiber handling, LC/SC connectors, SFP modules
Networking Operations	Switching, VLANs, routing basics, troubleshooting
Server Operations	RAID, BIOS/iDRAC/iLO, disk replacement, PSU replacement
Power & Cooling	UPS systems, PDUs, cooling systems, temperature monitoring
Monitoring & Documentation	DCIM basics, SOPs, asset tracking, reporting
Deployment Simulations	Live troubleshooting, smart hands simulations

3. Included Deployment Technician Toolkit

Toolkit Item	Estimated Value
Pre-configured Laptop	■45,000
Networking & Cabling Toolkit	■7,000
Cable Tester	■3,000
Fiber Cleaning Kit	■2,500
Console Adapters & Utilities	■5,000
Toolkit Carrying Case	■2,500
Total Included Toolkit Value	■65,000

4. Career Opportunities

Role	Approx Salary
Data Center Technician	■4–8 LPA
Smart Hands Technician	■5–12 LPA

Infrastructure Support Engineer	■5–12 LPA
Network Operations Engineer	■4–10 LPA
Cloud Infrastructure Support	■6–15 LPA
AI Infrastructure Operations Engineer	■12–25 LPA

5. Program Cost

Item	Amount
InfraMitra Premium Deployment Program	■2,00,000
Included Laptop & Toolkit Value	■65,000
Seat Blocking Amount	■5,000 Refundable
